YOUR support makes the MISSION POSSIBLE!

CIL Disability Resource Center

Your donations provided a hoist lift which allows Caleb to be safely transferred by his mother from his bed to his wheelchair and wheelchair to vehicle.

Contributions from the community are used to maintain a computer lab to facilitate technology-based learning. Timothy is using the lab to work on his computer skills.

Your support provided independent living skills training materials and curriculum for high school students with disabilities to help prepare them for employment after graduation.

CILDRC promotes, educates, facilitates, assists and advocates with and on behalf of people with disabilities, in partnership with their communities, to achieve their goals for independence.

CILDRC envisions a world where people with disabilities have freedom, choice and control over all aspects of their lives, so they can fully and equally participate in society.

Make the mission possible by making your donation at:
